

## **Master the Museum!**

**Please review these guidelines with your students and chaperones prior to your visit.**

- Experience art with your eyes and minds, not your hands.
- Please avoid pointing at artwork; accidents happen.
- Be curious! Ask lots of questions.
- Chaperones must remain with students at all times.
- Use only pencils for writing or sketching. Use clipboards for support, not pedestals or walls.
- Students can enter the Museum Store five at one time, on a rotating basis, and must be with a chaperone.
- Please note the Museum has no indoor lunch facilities, however the sculpture garden outside the Museum and the park across the street from the Museum in front of Colton Hall is an excellent space for lunch.
